MEMORANDUM

To: Alan Hasselwander, Chairman, NANC

CC: Marian Gordon, Designated Federal Official of NANC
Mary DeLuca, Alternate Designated Federal Official of NANC
Linda Simms, FCC
Secretary, FCC

From: Mark J. Golden, CAE

Date: October 16, 1996

Subject: In CC Docket 92-237:
NANC Working Group Nominations

Following extensive consultation with PCIA's membership and other wireless and industry representatives, I am forwarding a list of individuals who have expressed a desire to serve on various task forces and committees of the NANC.

North American Numbering Plan Administrator Working Group:

Karen Mulberry
Manager, Network Planning
PrimeCo Personal Communications
6 Campus Circle
Westlake TX 76262
Phone: (817) 258-1241
FAX: (817) 258-1805

FROM THE DESK OF...

MARK J. GOLDEN, CAE
SENIOR VICE PRESIDENT, INDUSTRY AFFAIRS
PERSONAL COMMUNICATIONS INDUSTRY ASSOCIATION
500 MONTGOMERY STREET, SUITE 700
ALEXANDRIA VA 22314

703-739-0300, EXT. 3008
Fax: 703-836-1608

PCIA would strongly support Ms. Mulberry's designation as co-chair of this working group.

No. of Copies rec'd 1
S: ABCDE

Larry Grisham
Director of Planning and Operation Integration
Sprint Spectrum
4900 Main Street
Kansa City MO 64112
Phone: (816) 559-5054
FAX: (816) 559-6992

Paula Jordan
Project Manager
Airtouch Communications
2785 Mitchell Drive - Mail Stop 9-2
Walnut Creek CA 94598
Phone: (510) 279-6033
FAX: (510) 279-6081

All three have expressed a willingness and interest in serving as co-chair of the working group. PCIA strongly supports the designation of one of these individuals in this role, and inclusion of the others in the working group.

LNPA Architecture Planning Working Group-Task Force

Debbie Steele
Network Engineer
US West Wireless
12121 Grant Street, Room 201
Thornton CO 80241
Phone: (303) 255-6160
FAX: (303) 255-6158

LNPA Technical and Operational Requirements Working Group-Task Force

Karl Koster
Manager - Technology Strategy
BellSouth Wireless
1100 Peachtree Street, Room 803
Atlanta GA 30309
Phone: (404) 249-4844
FAX: (404) 249-5157

Linda Melvin
Technical Liaison
Pacific BellMobile Services

The following individuals would also wish to be included in the working group:

Thomas G. Saine
Director, Network Engineering
MobileComm
6221 North O'Connor, Suite 116
Irving TX 75039
Phone: (972) 501-1555
FAX: (972) 501-1596

Dennis M. Doyle
Arch Communications Group
1800 West Park Drive, Suite 350
Westborough MA 01581-3912
Phone: (508) 870-6612
FAX: (508) 898-1953

Charlene Meins
Director-External Affairs, Wireless Numbering Policy
AT&T Wireless Services
5000 Carillon Point
Kirkland WA 98033
Phone: (206) 803-1231
FAX: (206) 828-8609

Cost Recovery for NANPA Working Group-Task Force

Nina Blake
Pocket Communications
2550 M Street NW, #20
Washington DC 20037
Phone: (202) 496-4300

Local Number Portability Administration (LNPA) Selection Working Group

Ken Buchanan
Manager - Technology Strategy
BellSouth Wireless
1100 Peachtree Street, Room 803
Atlanta GA 30309
Phone: (404) 249-5331
FAX: (404) 249-5157

4420 Rosewood Drive: 3rd Floor, Building 2
Pleasanton CA 94588

Phone: (510) 272-4502

FAX: (510) 227-7412

Attached is some background and qualifications information on these individuals.

PrimeCo Personal Communications, L. P.
Network Planning & Engineering
Six Campus Circle, Rm. 6420
Westlake, TX 76262

MEMORANDUM

Date: 10/08/96
To: Mark Golden
From: Karen Mulberry
Subject: Volunteering for NANC Working Group

I am very interested in being selected and participating as a Co-Chair of the North American Numbering Plan NANC working committee.

I have included a brief copy of my qualifications in support of my selection to this position. I feel that as a representative of the wireless industry I will be able to be a valuable focal point in representing the key issues our industry is facing in obtaining access to numbering resources.

If you have any questions, or require additional information I can be reached on (817) 258-1241.

Karen N. Mulberry
PrimeCo Personal Communications L.P.
6 Campus Circle, Rm. 6420
Westlake TX 76262
Phone: 817-258-1241

Professional Background:

PCS PrimeCo L.P.; Manager, Network Planning; Numbering Administration and Regulatory Activities- August 1995 - Present. Responsible for technical regulatory analysis and regulatory support for the corporate Fixed Network Engineering group, also responsible for company wide telephone number forecasting, acquisition and administration. Company representative at telecommunications industry forums (i.e. Industry Numbering Committee *INC*, CTIA-Number Advisory Group *NAG*, PCIA-Wireless Interconnection and Numbering Committee *WINC*) and standards meetings (i.e. TIA *Telecommunications Industry Association* TR 45.2 Wireless Interoperability). Designated corporate engineering 9-1-1 emergency services coordinator responsible for policy development, issue analysis and procedure implementation, as required by PrimeCo internal policies and specific local, state and federal mandates. Additional responsibilities include management of the technical engineering library.

U S WEST Communications, Network Planning - Planner - Technical, Regulatory, Financial Analysis 1994 - 1995. Responsible for telecommunications network feasibility analysis, technology life cycle studies, detailed economic analysis of the corporation's assets, technologies and serving areas as required by federal and / or state requirements. Also responsible for detailed project funding requirements and analysis in support of technology standardization in the network. Developed responses and coordinated studies and documentation for the network organization in support of state and federal rate cases, interrogatories, legislation and public policy for Wyoming, Arizona, Washington, Minnesota and Iowa. Presented company technical positions to the FCC and state regulatory agencies, along with project management and coordination of network technology position for U S West's five eastern region states (Iowa, Nebraska, North Dakota, South Dakota, Minnesota). Acted as network technical / regulatory SME at FCC and state regulatory meetings in support of corporate finance capital recovery/depreciation positions.

U S WEST Communications, Finance - Capital Recovery; Manager - Depreciation Analysis 1989 -1994. Responsible for planning and in-depth data analysis, as well as compilation and publication of official company statistical and financial reports. Acted as SME on depreciation issues, functions, regulatory options and associated risks/rewards to facilitate company planning and technology forecasting. Lead and coordinate projects associated with company positioning and assessment of opportunities to increase revenue/cash flow within the 14 state region. Member of corporate Price Cap team responsible for regulatory responses to FCC Price Cap activity. Capital Recovery/Public Policy regulatory team member for the state of Colorado responsible for position analysis and PUC interaction. Supervision of 2 Technical Assistants. Facilitator and coordinator of the Separations/Capital Recovery employee involvement committee. Member department process re-engineering team. Coach and advisor for department quality teams. Project coordinator for the Capital Recovery/Asset Accounting data investigation quality team. CO-Chair of the Capital Recovery/Separations records management quality team.

Educational Background:

MBA - University of Phoenix; 1989

BS - Organizational Behavior, University of San Francisco; 1987,

Certificate - Total Quality Management-Service, University of Phoenix; 1992

In Progress: Masters of Telecommunication, University of Denver

Recognition/Awards:

1994 U S WEST Outstanding Network Employee

1993 U S WEST Public Policy Perfection

1993 U S WEST Finance Circle of Excellence

1991 U S WEST President's Club

Nominee - LNPA Selection Working Group Co-Chair

KEN BUCHANAN

BellSouth Wireless, Inc. - Manager, Technology Strategy
Room 803
1100 Peachtree Street, NE
Atlanta Ga. 30309

Tel# 404 249-5331
Fax# 404 249-5157
e-mail buchannan.ken@bwi.bls.com

Experience

Ken Buchanan began his career in 1989 in South Central Bell - Network Planning and Engineering department, where he was responsible for various traffic and equipment engineering functions for the SESS and LAESS central offices. He managed several central office conversions as well as special projects including one of BellSouth's first ISDN installations.

Ken subsequently provided technical support to company radio engineers for mobile paging services through publication of engineering letters, RF propagation studies, new product technical feasibility analysis and product evaluation.

From 1992-95, he worked for BellSouth Telecommunications - Science and Technology in the area of AIN Network Integration Testing, where he was team leader for personal number and area number calling services. In this assignment, he developed and executed plans to insure proper interfaces with all operations support systems and assurance for existing network integrity.

Currently, Ken is a member of the BellSouth Wireless Inc. - Technology Strategy organization, where he serves as BellSouth's representative to ITU-R, work group 8-1, Third Generation Mobile Systems. He is also a member of the Industry Numbering Committee where he has served as a sub-committee chairman. He has been actively involved in LNP initiatives in both Georgia and Florida, participating in numerous workshops sponsored by the state public utility commissions.

Education

1986 - Bachelor of Science, Electrical Engineering at University of Alabama at Birmingham
1992 - Masters of Science, Electrical Engineering at University of Alabama at Birmingham - specializations in communications and engineering management.

Nominee - LNPA Technical and Operational Requirements Task Force

KARL KOSTER

BellSouth Wireless, Inc. - Manager, Technology Strategy
Room 803
1100 Peachtree Street, NE
Atlanta Ga. 30309

Tel# 404 249-4844
Fax# 404 249-5157
e-mail koster.karl@bwi.bls.com

Experience

Karl Koster started his telecommunications career in 1985 with BellSouth Telecommunications by coordinating ISDN multi-vendor compatibility forums. He continued his work on ISDN by developing switching requirements at BellCore in 1987. He also worked on various long term signaling architectures involving B-ISDN, ATM and SMDS. During this time, Mr. Koster was active in industry standards serving as editor and special rapporteur in T1S1 and CCITT (precursor to ITU).

Returning to BellSouth in 1991, he worked on defining AIN 0.2 capabilities as well as coordinating vendor implementation for BellSouth. During this period Karl submitted and received a patent for certain AIN capabilities now used in PCS. He then worked in the development of services based on AIN focusing on Local Number Portability in 1994. In 1996, he transferred to BellSouth Wireless to focus on coordination of Local Number Portability for wireless as well as focusing on other related numbering issues.

Mr. Koster has been active in LNP related activities in the Georgia State Public Service Commission as well as in the Industry Numbering Committee. He is also BellSouth's representative on the CTIA Numbering Advisory Group.

Education

1982 - Bachelor of Science in Electrical Engineering at University of West Virginia
1985 - Masters of Science in Computer Science at Georgia Institute of Technology
